

PRESS RELEASE
Issued 13th February 2008

FOR IMMEDIATE RELEASE

Life for East Anglian landscapers and Garden Designers has just got easier

John Woods Nurseries is a **wholesale nursery** with an excellent reputation for superior plants. With over 100 years experience in producing quality plants, and more than 80 acres dedicated to nursery stock production. Their breadth and depth of range not only demonstrates a pride in the standard of plants they produce but also their aim to give a first class service to all of their customers.

As the garden industry prepares for another busy season, **JWN** has just completed the final stage of its latest project, a **Cash and Carry**; situated at their main nursery site in the small village of Pettistree, on the main road between Wickham Market and Woodbridge, just off one of Suffolk's main arterial routes the A12.

The Cash and Carry is the perfect solution to every landscaper and garden designer's needs, and includes a large purpose built sales area with easy access and ample parking. One is greeted by the topical display area for plants that provide instant colour and impact. Customers are visually drawn through the site by beds of hardy plants including a range of Shrubs, Herbaceous perennials, Climbers, Wall shrubs, Rhododendrons, Camellias, Roses, Fruit, Italian and UK grown specimen plants. This comprehensive selection is clearly marked with an easy to use A-Z layout, and if you do need help there are knowledgeable, trained staff on hand to advise you. Furthermore JWN has considered all the contractor's needs and has diversified their product range to include sundries such as compost, mulches and tree stakes. This really is **a One Stop Shop**.

Opening times are **Monday to Friday, 8am until 4.30pm**.

John Lord, Managing Director of John Woods Nurseries commented 'within our region **Landscapers, Contractors, Developers and Garden Designers** have been unable to source a comprehensive range of nursery stock and essential planting sundries conveniently. We identified a gap in the market and filled it with a purpose built cash and carry that's within easy reach of the counties main areas of population.'

The result is a conveniently situated one stop shop for **plant buying and selling professionals across the region**.
